

Educational Robotics for Science, Technology
Engineering and Mathematics

Organized as part of European
Conference in Educational
Robotics ECER2016

Teacher Workshop

„Teachers‘ requirements to incorporate educational
robotics activities in a classroom“

Active 2-hour workshop based on the world café concept where teachers
discuss pros and cons in smaller groups, and present to all participants their
requirements for the ER4STEM framework and repository

Date: 11 April 2016, 15:00

Place: TGM, Vienna

Contact: Wilfried Lepuschitz
